

TRIPLE ACTION

SilverSol® Tooth Gel Ingredients

100% Pure and Natural Therapeutic Grade Organic Peppermint Oil

Our peppermint oil has been tested and verified to be **100% pure and natural therapeutic grade**. We can guarantee that it is of the **highest quality available on the market**.

Historically, peppermint oil has been used since 1500 BC. Current belief is that peppermint originated in North Africa and the Mediterranean. Mint was so valued in ancient Egypt that it was actually used as a currency. In 1550 BC, an Egyptian text called the Ebers Papyrus mentions using peppermint oil.

After all these years, peppermint oil has found a new home in our amazing triple action SilverSol® Tooth Gel.

THE NEXT GENERATION OF NATURAL SILVER PRODUCTS

SilverSol Technology®

Ag₄O₄ Molecule

A thin multivalent silver oxide coating, built of thousands of Ag₄O₄ molecules, surrounds the metallic nano sized silver core

Ag₄O₄ Molecule

More Stable and Bioavailable

With the Ag₄O₄ coating, the silver particle is attracted to the surrounding water molecules, and as such, becomes part of the structure of the water. This makes the silver much more stable and bioavailable than other forms of silver

Multiple Modes of Action

Testing has uncovered multiple modes of action by which the ABL Metallic Nano-silver Particle functions. First, it has an ability to steal multiple electrons (compared to ionic silvers which can only steal one). Second, each particle is permanently embedded with a resonant frequency, which allows the particles to have a positive effect on things, without needing direct contact with them. Lastly, the particles also utilize a very useful electrostatic charge.

USP Verified Xylitol

Xylitol is a natural sweetener derived from the fibrous parts of plants. It **does not break down like sugar**. (<http://www.xylitol.org>)

From USP's website, "USP offers verification services for dietary supplement finished products, dietary ingredients, pharmaceutical ingredients, and excipients. Products and ingredients that meet all USP verification requirements—including a **GMP audit, product and ingredient testing, and manufacturing documentation review**—are awarded use of the distinctive USP Verified Marks" [pictured Above]. (www.usp.org)

Warning: Xylitol is not good for dogs.

Family Friendly

- ⊖ Fluoride Free
- ⊖ No Parabens
- ⊖ No SLS
- ⊖ No Artificial Colors
- ⊖ Non-Abrasive

Triple Action: SilverSol® Tooth Gel combines the unique benefits of our patented SilverSol Technology® with USP Verified xylitol and 100% pure and natural therapeutic grade organic peppermint oil to create a powerful new tooth gel designed to help clean your teeth like no tooth gel has ever done before.

Use: For best results, brush teeth with SilverSol® Tooth Gel after every meal or at least twice a day.

Directions: Apply Generously to tooth brush and brush as normal, or as directed by a dentist or doctor. Xylitol is not good for dogs.

Ingredients: SilverSol® Solution (deionized water and purified silver), Xylitol, carbomer, TEA, natural coloring and peppermint oil.
